# TOTAL COOLTECH COOLANT

## POWERFUL COOLING AND SMOOTH ENGINE PERFORMANCE

**TOTAL COOLTECH** coolant is an advanced coolant specially designed with **bio-degradable organic technology** to give powerful cooling to passenger car engines working under tough city driving conditions as well as heavy and light commercial vehicle engines.

### CONSUMER BENEFITS:

- ▶ Organic rust preventers enable coolant to flow and cool faster.
- ▶ Lubricates the water pump and protects rubber parts.
- ▶ Uniform and continuous cooling for longer life of engine components.
- ▶ Organic rust preventers protect the metal surface from corrosion and deposits.

Recommended for use in all Cars, HCVs, LCVs and Tractors.

### INTERNATIONAL STANDARDS:

JIS K 2234 1994 CLASS II(LLC TYPE), IS 5759:1994

### PACKS AVAILABLE:

- ▶ 210L, 5L, 3L, 1L, 0.5L
